Over the last ten years, we have brought over many quality teachers to work in the UK, as both the Australian and North American Curriculum are very similar to the UK.

Our colleagues in our overseas offices travel around their respective countries, holding presentations and recruitment fairs to find only the best teachers available to work in the UK.

Once a teacher has registered they received great support from our overseas colleagues who offer advice on the National Curriculum, UK visas, Accommodation, Banking, Living in the UK and much more to enable these teachers to make the transfer as simple as possible. All teachers from overseas are fully vetted and cleared prior to departure.
